BULL VIDEOS

Videography by Golden Thread, Sarah Buchanan

CATALOG DESIGN

Catalog designed by Livestock+, Bridget Andrews

GATE GUARANTEE

If you are not able to attend our sale but are interested in our bulls, we can facilitate your order. Call to discuss your cow herd, your program and your specifications. We will select a bull that meets your requirements/specifications. The bull delivered to your gate is "satisfaction guaranteed" or we take him home - no hassle. You may also rely upon the sale representatives to bid and act on your behalf in a confidential manner.

SEMEN TESTS & MEASUREMENTS

All bulls in the sale have passed a semen test and breeding soundness evaluation by a licensed veterinarian and have been issued a Semen Evaluation Certificate. Scrotal measurement & weight information will be available sale day.

BOARD & DELIVERY PROGRAM

We will keep your bulls and look after them for you up to a maximum of 30 days at no cost to you. You will be responsible for picking up the bull(s) any time prior to, but no later than May 1, 2020. Insurance protection is mandatory for this option. After May 1, a feed charge of \$2.00/day will apply.

Free delivery will be provided up to 200 miles on purchases totalling \$3500.00 or more. Purchases less than \$3500.00 will be delivered at cost. We will deduct \$50.00 from the purchase price if you trailer them directly from the sale.

VIDEOS

Bull sale videos will be available for viewing on the DLMS.ca website.

INSURANCE

Insurance will be available sale day.

Larry Toner: cell 306-834-7652. All bulls returning to Cockburn or Merit after sale MUST be insured to protect your investment. INSURANCE IS MANDATORY!

RIGHT TO COLLECT SEMEN

As a result of bylaw changes within the Canadian Angus Association, Cockburn and Merit will be retaining a "NON revenue" sharing interest in every bull we sell. This allows Cockburn and Merit to collect semen on any Cockburn or Merit bull in the offering for in herd use only. This will be done at Cockburn and Merit's expense and the new owner's convenience. This is the same as in past sales but the change now means that 'Cockburn or Merit' will remain on the registration paper as an owner in order to satisfy association rules. This will apply to all bulls unless other terms are announced sale day.

BUYER'S DRAW DETAILS:

All buyers that view the bulls at our farms prior to sale day will be entered in a draw for two \$500 bull sale credits; one from each herd.

Directions to the Ranch

FROM MOOSE JAW:

- Take Hwy #1 East towards Regina
- Take the Weyburn Hwy #39 Exit
- Turn Right onto Hwy #339
- Cross the tracks and take the first right into Briercrest
- Take the first left and the ranch is on the left hand side.

FROM REGINA:

- Take Hwy #1 West
- Turn left on Grid 642
- Cross Hwy #39 and continue straight onto Hwy #339
- Cross the tracks and take the first right into Briercrest
- Take the first left and the ranch is on the left hand side.

- An Assassin son that should make an excellent calving ease sire.

Just Ranching...

We are commercial producers too.

We are proud of the fact that our purebred cows are managed under the same conditions as our commercial herd.

Even though we sell purebred bulls, our focus is to raise cattle that thrive under harsh conditions and are the type buyers and feeders want. We strive to produce bulls with performance, hardiness, calving ease, added shape and sound structure. Raised by dams that are big volumed, fertile, and great uddered. We invest heavily in some of the top bulls in the breed to continually improve these genetics. We use these same genetics in our 300 head commercial operation which allows us to access genetics that best suit the needs of the commercial operations that purchase our bulls.

*"Vision is a picture of
the future that
produces passion"*
- Bill Hybels

WHAT
— WE —
EXPECT
from our females

- Sound structure, starting from the ground up.
- Fertility
- Calve unassisted
- Be maternally minded, but have a good disposition
- Have a good udder that will remain sound for a long productive life.
- Wean a quality calf; one that makes the replacement female pen or a bull with the performance and soundness that our commercial customers demand.

THAT'S WHAT WE ARE ALL ABOUT.

- We only use EPD's and performance records as tools. Stockmanship does NOT require a computer!
- They've got to look good, life's too short to look at ugly cattle.
- Easy fleshing with the capacity and ability to rustle for forage.
- Be productive on grass and hay, these are the only resources we have. High input females are self eliminating.
- The past 5 years here have been tough, the cattle have to be tough.
- They're not perfect and don't always work out. That's just the nature of the business. We don't make fantastical claims.
- We are always striving to make them better and more efficient. We love nothing more to see our customers success both commercially and as seedstock.
- Constantly studying and analyzing our cattle bring us joy and satisfaction.

A black cow with a nose ring is the central focus of the image, standing in a lush green field. The cow's head is turned slightly to the right, and its nose ring is a prominent feature. The background is a soft-focus green field under a bright sky.

ALWAYS Striving -M-

Striving to build a better cow herd and better bulls that sire calves that put more money in your pocket.

Bulls that cover ground & sire long bodied steers with eye appeal and lots of hair, the kind order buyers line up for, and females that make productive, functional, and hassle-free range cows.

We love this industry. It's why we get up in the morning. We want to do our part to make it better!

INTENT

These pair of bulls are stacked with **maternal greatness** and if keeping females is high on your priority list then 13 & 37 deserve serious consideration.

13 & 37 are the result of one of the best flushes ever at Merit. Their dam needs no introduction as her show record and production history to date are unparalleled. She was a many time champion as a bred heifer, and a two-year-old, including Grand Champion female at Northlands Farm Fair, Alberta Supreme top 5, Agribition First Lady Classic Futurity Champion and CWA RBC Supreme top 10. Her first calf, Renegade, was a feature in our 2019 sale to Country Lane Angus. Her Second calf, Sam Elliott, was undefeated Jr. Division Bull Calf champion at Olds, Ag-Ex, Farm Fair & Agribition. She combines good dispositions, phenotypical quality, with exceptional fleshing ability, and impeccable udder.

We chose to mate her to GDAR Insight 7201, who we purchased back in 2008 based on the strength, longevity, and production of his daughters. 7201's dam had AAA Pathfinder status at GDAR. Our hope was to produce a son worthy of re-introducing 7201's influence into our cowherd. We believe these two sons have hit that mark!

Merit Flora 6078D
Dam of Foresight and Intent

Choice of their female flush mates topped the heifer calf portion of our Females of Merit Sale to Southland Angus. Here's proof that you don't have to sacrifice your bull pen in the quest for maternal excellence.

13 and 37 possess foot quality, large scrotal, depth of body, fleshing ability and great dispositions. They are masculine, wide muzzled and good headed, while being athletic and sound in their motion with high libido.

Terms – they both sell in their entirety however Merit reserves the right to in herd semen prior to the 2021 breeding season.

PR FLORA 48C

- One of my favourite Sting sons we've raised
- Real nice balance to this bull, lots of hair, attractive muscle pattern & shape in an eye appealing, soft sided package
- His dam Merit Flora 4120 "Charlotte" is in our donor program, she's been an exceptional female maker and this year both ET sons are at the front of the line.
- His ¾ sister is none other than Merit Flora 6078 "Fancy"
- Full sister Merit Flora 67H is one of the best heifer calves we've raised, she's wicked good & we are excited about her future.
- Maternal sister, Merit Flora 8040, by KR Apollo was a high seller in our 2019 female sale to Wheatland Cattle Co.
- Maternal sister, Merit Flora 7068 produced Merit Gibsons Finest 9128, herdsire for Dudgeons' in Ontario
- Sting daughters are now in production in multiple herds and the positive feedback has been tremendous
- Sting daughters are easy fleshing, big bodied, maternally intelligent and their udder quality is beautiful, small teats, balanced quarters
- The guess work has been taken out of this bull!

Calving Ease Score: ★

TEMPERAMENT

We have always prided our operation on our genetically sound minded, calm and gentle cattle. It's one of the first things people notice when touring our cattle. Our cow herd is not a pail fed spoiled bunch. We eliminate the problems when they arise.

Kingpin, he's a boss! He was special right out of the gate, always a herd tour favourite among the group. He's proud in his carriage with great Angus character in his head. He's masculine and muscular, bold in his rib shape, smooth in his forerib, long spined and strong topped. His pin set is wide, and he carries his muscle down to his hock. Easy doing in his body condition and deep flanked with big nuts. He's fluid in his motion and sound in his skeleton with excellent foot structure. To top it off, his disposition is very good, a trait we emphasize and find highly important.

Here's a special sale feature. We are proud to have bred and raised his sire, his dam and his dam's sire.

Merit Kingpin 32H sired by the past high selling son of Range Boss and donor Socialite 48X, Merit Kingsman 8030 to Pederson Livestock and McNab Angus. His mother is sired by a past high seller Merit Stoney Creek 4023 to Bear Creek Angus and she is also the mother to our 2019 lead-off bull and second high seller Merit McLaren 8020 to South View Ranch & Duralta Farms Ltd. "Scottie" as we call her, is sound, productive, proven and predictable. She boasts a 111WWR on her three calves and has another rock star on the ground. Her full brother is a herdsire for McRae Land and Livestock. 32H's granddam is still in production with excellent udder and foot quality. "Scottie" will join our donor arsenal this spring.

Kingpin is the "right" kind of bull in so many ways and we look forward to incorporating him into our program as well.

49H in June

REAL WORLD

No frills, functional females with the utmost attention paid to structure, do-ability, udders, disposition, fertility and the ability to raise a quality calf.

They graze all summer and in late fall they are then fed quality hay with protein/mineral tubs on a half section until late January. They are not supplemented with grain, swath grazing annual cereals or "roughing it" grazing corn. We manage them this way so we know that our genetics will work under our customers' management.

Our goal is to produce the best Merit Mommas possible for our environment and market. The Angus cow is still the best mother cow in the world.

COWBOY'S LAST RIDE

Saddle up cowboy. This was truly your life.
Loving the horses, and always loving to ride.
You sat tall in that saddle. And you rode so well.
You were one true cowboy. This anyone could tell.
Your cowboy hat, you wore it with pride.
These cowboy boots walked many a mile.
Now your life on earth is over. God has plans for you.
So saddle up, cowboy. This will be a journey for you.
God will lead you up to heaven, and He'll ride by your side.
So once again, saddle up cowboy. It's time for your final ride.

- We've always wanted to pay tribute to our friend Brian "Bobcat" Marin but it needed to be "his" kind of bull.
- We hold 76H in high regard, he's always been a favourite and just keeps coming on
- He's possibly the stoutest Range Boss son we've raised
- Bobcat has more gas than the typical Range Boss sons
- He's above breed average for growth traits and milk
- You need to view him from behind to really appreciate his natural big hip and wide pin set
- Tremendous length of body, sound in is structure and motion
- Good foot, big nuts, great hair and very attractive in his design
- Very good natured
- His dam Merit Socialite 6156 is an impressive Klondike daughter and this is where he gets the added performance
- He should make a wicked set of females
- There are several CAA Elite females in his pedigree
- This front pasture stud would look great on a halter
- We feel he's a real breeding piece

HENDRIX

- This bull has yet to peak, he's had a couple of hiccups along the way that were no fault of his own so he was not indexed with the group at weaning
- Hendrix combines two bulls we are proud to have raised, Merit Sting 7047 and Merit Big Dawg 3049, both bulls are high sellers and both are owned by Double 'F' Cattle Co.
- We've always admired this calf for his "look", balance, and hip from a rear view
- We absolutely love his mother Merit Socialite 5024 and have added her to our donor program. She has a great foot and udder quality. As a yearling heifer the kids showed her extensively and added quite a few banners to their collection.
- He's line bred Socialite cow family. The Sting daughters are now in production and their udders are impeccable.

Merit Kingsman 8030 - Maternal Brother to Motion and Momentum

Merit Rage 4031 - Maternal Brother to Motion and Momentum

Merit Socialite 7163 - Grand Daughter of 48X

Merit Socialite 5038 - Maternal Sister to Motion and Momentum

Merit Monument 9106 - Paternal Brother to Motion and Momentum and Herd Sire for Browns Angus Ranch

Merit Whiskey 8010 - Maternal Brother to Motion and Momentum

This pair of Momentous sons exemplify all the attributes that come to mind when we think of performance Angus bulls. They are sound structured and good footed while being proud and fluid on the move.

The maternal side of this equation is where we feel their value is derived. The donor dam, Socialite 48X has consistently been one of our top producing females. She has raised sale toppers including Merit Rage @ 33,500 to Rambur and Bar JV in Montana and Merit Socialite 5038 @ 17,250 to French Market Stock in Ontario. A pair of ET Sons were features in our 2019 sale with Kingsman bringing 40,000 to Pedersen's and McNabs and Whiskey fetching 24,000 to Blairs West and Blairs.Ag.

48X or "Layla" as we call her had a successful show career being a Young Ranchmans Supreme Champion as well as the open division at the Canadian Junior Angus National show. Regardless of the accolades and admiration she received on the show road, she earned her spot on the donor roster based on her phenotypic quality and exceptional production record.

These two "Layla" sons are poised to make an exceptional maternal contribution to any cow herd they are used in. They'll be cow makers that won't cheat you on their male progeny either.

MERIT FLORA 7068E

- Low birth weight Sting son
- After the nasty cold weather the land received in February it becomes more apparent than ever that these cattle have to have hair, middle and natural fleshing ability to handle the harsh environment, 98H possesses all that
- Loads of hair, loose made complete individual
- His maternal brother Merit Gibsons Finest is a herd sire for Dudgeons in Ontario
- His dam, is a maternal sister to our donor Flora 6078 and, like her mother and sisters, she has a perfect udder
- The milking Sting females are making a great debut and combine that with the maternal strength of this cow family he should make some wicked good females.

**THE #1 BREED
THE #1 TAG for
ANGUS CATTLE**

Canadian Angus tags are the only tags that visually and electronically identify cattle as Angus. Rise to the top - use Angus tags. Animals wearing the green Angus RFID tags are a minimum of 50% Angus genetics. Canadian Angus tags are CCIA approved and meet national identification requirements.

There's ever increasing demand for Canadian grown Angus branded beef. Add value to your calves by making them easier to source & identify.

MERIT 124H

Merit 124H, September 2020

- If you are looking to breed some angus character back into your cattle 124H fits the bill
- Love the skull on this bull, tremendous breed character here
- He's out of a first calver by Range Boss, she did an absolutely amazing job bringing in the #1 WWR bull calf at 119. What's even more impressive is 13 months prior to calving she was on deaths door with a stomach blockage: she's a survivor, fertile and a producer
- 124H has mass, rib shape, fleshing ability and length to add the pounds.
- Backed by the strong and proven maternal genetics of the Socialite family. Maternal brother to his dam sells as lot 74H.

Calving Ease Score: ★★

MERIT 146H

This mid March Kingsman son is not extreme in any way
Loads of maternal longevity, soundness, foot & udder quality wrapped up in a good looking package.
His dam at 15 years of age has been around twice as long as the average purebred breeder is in the business.
His granddam produced until 13
His great grand dam is our original Angus female purchased in 1984 and she produced until she was 15
Maternal stayability = profitability

2K Wisconsin 207 - Sire of 150H

- We purchased Wisconsin at the Bull sale at the National Western in Denver for our heifers
- He's definitely a heifer bull, low birth type sire
- 150's dam is 13 this spring and the old girl has already calved moving her up a cycle in her calving interval
- 150H should be a sleep easy type heifer bull

MERIT 176H

- The youngest bull in the offering so keep that in mind when you are appraising him, he's only an April
- He's below breed average for birth and above for growth traits on his epd profile
- His Unit dam is one of our nicest Unit daughters.

COCKBURN MERIT

Committed to providing Genetic Excellence for the Commercial & Seedstock Industries.

You are welcome to tour Cockburn or Merit any time prior to sale to view the bulls, their sisters and their mothers.

Merit bulls will be on display a few days prior to sale at the Cockburn ranch.

Bulls will sell by live auction with Saskatchewan health protocol in place.

Online bidding through DLMS is also available for your convenience.

Thank you for your interest & support of our programs, its greatly appreciated!

Terms & Conditions

Terms: The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

Bidding: Each animal is to be sold to the highest bidder. No by-bidding will be permitted. A reasonable price base may be set.

Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Announcements: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

Certificate of registry: Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

Breeders Guarantee, bulls: Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

In no event shall the seller be responsible for more than the purchase price. The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

Exception guarantee: In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

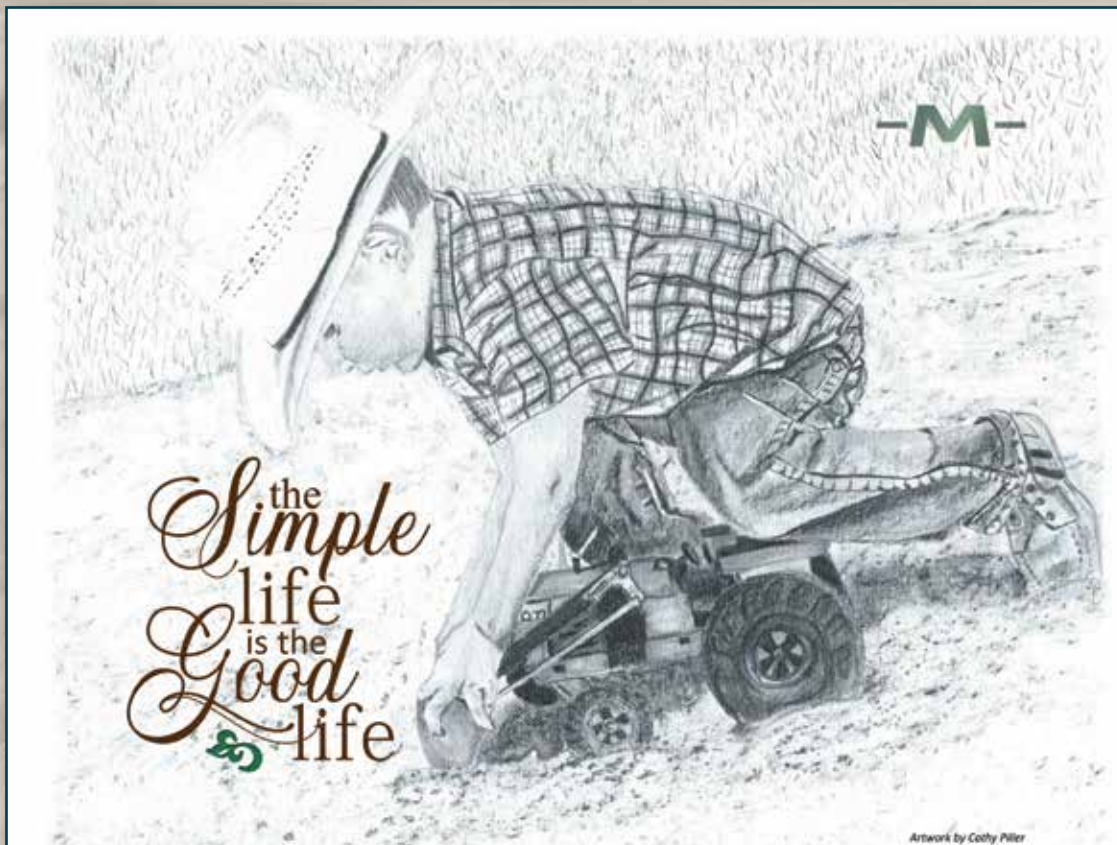

Settlement: Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

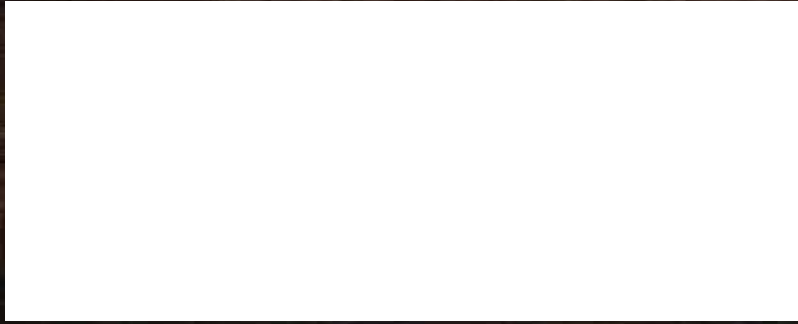

Mail or telephone bids: Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

Rights and obligations: The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both.

Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.
