This big, powerful, extra broody heifer by Visa is a paternal sister to our high seller last year to K Lady 1. She's dropping what will be a beautiful udder and is excellent structured in the Heroine tradition. Heroine 4083 is mated early to HF Prowler. Our Prowlers have consistently been born light, exhibit plenty of growth and are desirable and highly saleable. Merit Stony Creek, our second high selling bull this spring, is a Prowler from a first calf heifer. Take advantage of this premium opportunity.
A.I. to HF Prowler 43U April 30. Due February 6, no exposure.

Gert 4086 is a moderate framed, easy fleshing, tanky Prowler daughter. Her dam was our pick of the heifer calves at the Celia Herd Reduction Sale. She has become a wedgy, angular and feminine cow with a high quality udder. Merit Gert 4086 will be the first female to sell by auction bred to our exciting new herd bull Bar S Range Boss 4082. He was at side of his dam when she was named champion bred and owned cow at the American National Junior Show. He combines BC Lookout with Plainview Lut and his granddams are ET siblings from a Freedom EX1 mating.
A.I. to Bar S Range Boss 4082 April 30. Due February 6, no exposure.

We don't offer Socialite females very often, so when we do, serious breeders take notice. This absolute peach of a show prospect has a wonderful disposition and will make a beautiful, profitable and productive brood cow when her show calves is over. Her two year old dam by Iron Will was produced by an Elite Dam that is still here producing at 13, while her dam, Merit Socialite 8054, achieved Premier Dam status. The homework has been done and 5006 is as close to bomb proof as it gets!

Merit Maverick 1117
Maternal Granddam to 5011C

Merit Pride 5011 will be one of the very first daughters of the performance, EPD, and phenotype standout, RB Tour of Duty. Her EPD's rank her in the top 1% of the breed for WW, YW, and Total Maternal. She stems from our first Angus female, P.J.T. Pride 845, purchased in 1984. 5011 was raised by an outstanding two year old by Merit Maverick. Merit Pride 5011's grandma is still here producing at 11 and her dam and granddam produced to 11 and 14 respectively. If all that history isn't enough, Pride 5011 has the performance and phenotype to stand some heavy competition.

Merit Big Dawg 3049A
Sire of 5035C

Merit Jilt 5035 is the first daughter to sell from our sale topping and Agribition Reserve Junior Champion Merit Big Dawg. She displays the same strength of topline, rib shape, and stout hip that garnered praise for her sire. This long sided attractive prospect stems from our highly productive Jilt family. Her dam is typical of our Luke daughters with ideal structure and udder type.

Merit Pride 115X
Dam of 5146C

Pride 5146 stems from the same family as our 5011 heifer. Lot # 25. She will be the first of our EXAR One Iron progeny to sell. He's the product of mating two of history's most popular and prolific Denver champions, sired by the triple crown winner, Dameron First Class and out of the immortal Green's Princess 1012, who has produced in excess of \$1.65 million in progeny sales at Express alone. One Iron is a flush brother to the American Royal and North American champion "Blue Chip". This late March sweetheart is bold ribbed and big hipped with extra extension and eye appeal. 5146 has generations of solid, sound and functional females on her maternal side that have been foundation building blocks for our cowherd.
