ONLINE BIDDING AVAILABLE

Mark Shologan: (780) 699-5082

GATE GUARANTEE

If you are not able to attend our sale but are interested in our bulls, we can facilitate your order. Call to discuss your cow herd, your program and your specifications. We will select a bull that meets your requirements/specifications. The bull delivered to your gate is "satisfaction guaranteed" or we take him home - no hassle. You may also rely upon the sale representatives to bid and act on your behalf in a confidential manner.

SEMEN TESTS & MEASUREMENTS

All bulls in the sale have passed a semen test and breeding soundness evaluation by a licensed veterinarian and have been issued a Semen Evaluation Certificate. Scrotal measurement & weight information will be available sale day.

BOARD & DELIVERY PROGRAM

We will keep your bulls and look after them for you up to a maximum of 30 days at no cost to you. You will be responsible for picking up the bull(s) any time prior to, but no later than May 1, 2023. Insurance protection is mandatory for this option. After May 1, a feed charge of \$3.00/day will apply.

Free delivery will be provided up to 200 miles on purchases totalling over \$5000.00. Purchases less than \$5000.00 will be delivered at cost. We will deduct \$50.00 from the purchase price if you trailer them directly from the sale.

VIDEOS

Videos produced by Golden Thread, Sarah Buchanan Bull sale videos will be available for viewing on the DLMS.ca website.

INSURANCE

Insurance will be available sale day.

Larry Toner: cell 306-834-7652. All bulls returning to Cockburn or Merit after sale MUST be insured to protect your investment. INSURANCE IS MANDATORY!

RIGHT TO COLLECT SEMEN

Cockburn and Merit retain the right to collect semen on any bull in our offering for in-herd use only. Will be done at our expense and the new owner's convenience.

FROM MOOSE JAW:

- Take Hwy #1 East towards Regina

Directions to the Ranch

- Take the Weyburn Hwy #39 Exit
- Turn Right onto Hwy #339
- Cross the tracks and take the first right into Briercrest
- Take the first left and the ranch is on the left hand side.

FROM REGINA:

- Take Hwy #1 West
- Turn left on Grid 642
- Cross Hwy #39 and continue straight onto Hwy #339
- Cross the tracks and take the first right into Briercrest
- Take the first left and the ranch is on the left hand side.

GUIDELINES:

Should any bull purchased through the Cockburn/Merit Bull Sale fail to be a satisfactory breeder or be unable to physically service a cow or a heifer, he will be replaced with a bull of equal value. Should this not be possible, we will issue a credit to go towards the purchase of another bull. Any credit issued will be less salvage value when possible. We do not however provide warranty for mismanagement.

While under warranty, the bull is covered for injury, sickness or death. We will service your needs with a replacement bull or a sale credit. Should you have any problems with a bull please contact Ward Cockburn or Trent Liebreich to make sure your cows get bred and you are a satisfied customer.

7% for 6 months on bulls valued at \$10,000 or less

EXCLUSION TO WARRANTY:

Any injury or death due to malicious, willful or intentional acts or mistreatment are considered fraudulent claims. Should an issue arise with your bull please notify Cockburn or Merit immediately.

You also need to contact a licensed veterinarian to diagnose & treat the animal and forward us a report. If the animal dies, a confirmation of said animal by a vet will be required.

The benefit to this program is that you deal directly with us. There is no middle man or arbitrary judgement. Our sole goal is to assure your females get bred and you are completely satisfied with your purchase and our service.

LOYALTY INCENTIVE:

We appreciate our repeat customers and want to thank them for their continued support with \$100 discount on each bull purchased in the 2023 sale.

VOLUME DISCOUNT:

3% on 3 bulls add 1% for each additional bull up to 10% off your total purchase.

Welcome to our annual Cockburn/ Merit bull sale. We would like to thank our past buyers and bidders; your support is greatly appreciated.

We are once again excited to host the sale at our ranch headquarters at Briercrest Sk. We invite you to come tour the bulls anytime prior to the sale. We would love to tour the bull pen with you as well as show you their dams and sisters. We know our cows and will do our best to help you select a bull to suit your needs. If you cannot make the sale, please feel free to call any of us or our staff to discuss your needs and help you make your purchase.

Satisfaction is completely guaranteed, and your bids will be handled professionally and confidentially. The sale will also be broadcast live on DLMS.ca with internet bidding available. Our bulls are developed with longevity in mind. They are fed on a large 15 acre paddock for plenty of exercise and to emphasize on muscle development and soundness, not to over fatten and jeopardize their longevity and fertility. The bulls will all be fertility tested and guaranteed breeders. We are excited about the consistency and quality in this year's pen. Featuring new sire groups by Momentum and Slow Burn as well as International on the Simmental side and sons by our proven sires including Copper, Relentless, Exclusive and Township, the depth of the pen is exceptional. Calving ease bulls that still possess dimension and growth and power bulls with extra shape and performance.

We make our living Solely from our cattle. We have built around strong cow families emphasizing on fertility, sound feet and legs, thick easy doing cattle with good udders, and herd sires with muscle, performance and do ability as well as calving ease. Our purebred cows are run on native grass along side our commercial cows and under similar management as most of our commercial customers. If they need special treatment here, how will they work for you. We believe our cattle should work harder than we do, and we cull strictly to ensure they are productive and profitable in the "real" world.

We look forward to seeing our past and new customers on March 28th and thank you for your confidence in our program.

All the Best in 2023,

Ward Cockburn (306) 631-9490 Brittany Cockburn (306) 630-8152

RED DURALTA 54K MS JAN 191N

Momentum started out as the \$36,000 high selling bull in the 2021 Duralta bull sale. His first calf crop is surpassing all expectations. Powerful performance cattle that are long spined, heavy muscled and sound structured. His daughters are exceptional and are a testament to his phenomenal donor dam.

Copper was selected as a feature bull from the Rhodes program in South Dakota. We used Coppers sire Seneca very successfully with his sons topping our sale the past couple years and his daughters looking to be every bit as influential. Looking to continue with that influence we added Copper. His combination of calving ease and growth with rib shape and hardiness is tough to beat. We are looking forward to getting his daughters into production as his dam is one of the top cows in the Rhodes program and is as consistent as they come.

Exclusive is an ET son of the legendary Cora 443P cow. She has had a huge impact on the breed including 72 registered progeny in Canada. She is also the dam of the \$70000 Red Cockburn Ribeye 308U bull. Exclusive is an extremely stout, wide based and powerful

son of Pie One Of A Kind. His sons follow his type and are easy to find in the pen. We are calving the first daughters and they are impressive with there softness, capacity and udder structure.

Relentless was a feature and high selling bull in the 2019 Twedt Red Angus sale in North Dakota to St genetics. We admired his phenotype, his dam and calving ease potential when we viewed him that spring. Once we were able to get some semen to Canada we were excited to sample him. We are more the happy with his first calf crop. They are born easy and stamped with an attractive, calving ease look without giving up too much performance and muscle dimension.

Township was the \$130,000 high seller in the 2020 U-2 bull sale. We were the contending bidders along with our partners from the US, but were fortunate to secure a semen package. Look for his sons to add maternal strength due to the influence of his phenomenal dam the Beauty 113Z cow; arguably one of the best in the breed.

 Should work well on heifers but also offer the maternal strength of their beautiful Cowboy Kind dam.

Tattoo: CWJ 60K | DOB: February 14, 2023

Just Ranching...
We are commercial producers too.

We are proud of the fact that our purebred cows are managed under the same conditions as our commercial herd. We feel our responsibility as seedstock producers is to focus on raising cattle that thrive under harsh conditions and are the type buyers and feeders want. We strive to produce bulls with performance, hardiness, calving ease, added shape and sound structure. Raised by dams that are big volumed, fertile and great uddered. Fundamental traits such as feed conversion, longevity, calving interval and consistency are paramount in both our purebred and commercial herds. We invest heavily in some of the top bulls in the breed to continually improve these genetics. We use these same genetics in our 300 head commercial operation which allows us to access genetics that best suit the needs of the commercial operations that purchase our bulls.

Welcome to our 29th annual bull sale. Thank you so much to our customers, we will never take your business for granted, your success is our goal and we are here to serve you. That being said we're offering a \$100 discount per bull for your loyalty as well as volume discounts. Also included is our no hassle warranty program if you choose. We are excited once again to be working with Ward and Brittany and their family.

We are committed every day to raising the best Angus cattle we can for our customers and the industry. We spend a lot of time researching genetics and management to better our herd and ultimately the cattle we offer to our customers. Our herd is managed in a very similar fashion to those of our customers, with the objective of identifying genetics that will enhance your herd and ultimately your long term profitability.

For almost as far as I can recall, we've been saying that the good times are just around the corner. I think we can finally see that crossroad! Inventories are at record lows and prices are moving toward record highs. In order to capitalize on this market turn, we will need to focus on maternal efficiency and solid problem free performance. That has been our objective for over 30 years.

As you study our offering you will notice that we have utilized the best genetics we have identified within our herd on both the top and bottom side of many of the bull's pedigrees. There are many sons of our donors as well as sons of past feature bulls from

our donors. There are also some new outcross sires represented with sons from many of our top cows. We feel that the bulls on offer are as consistently sound and predictable as you will find anywhere.

We would love to have you come and preview the offering either here at Merit or at the Cockburn ranch prior to the sale. If you can't see them in person, our reputable sales team is familiar with the offering and our cow herd, but ultimately no one knows them like we do. We encourage you to seek their appraisal, but please ask us if you have any questions about the offering or our services. Our word is our bond and our integrity is our most valuable asset.

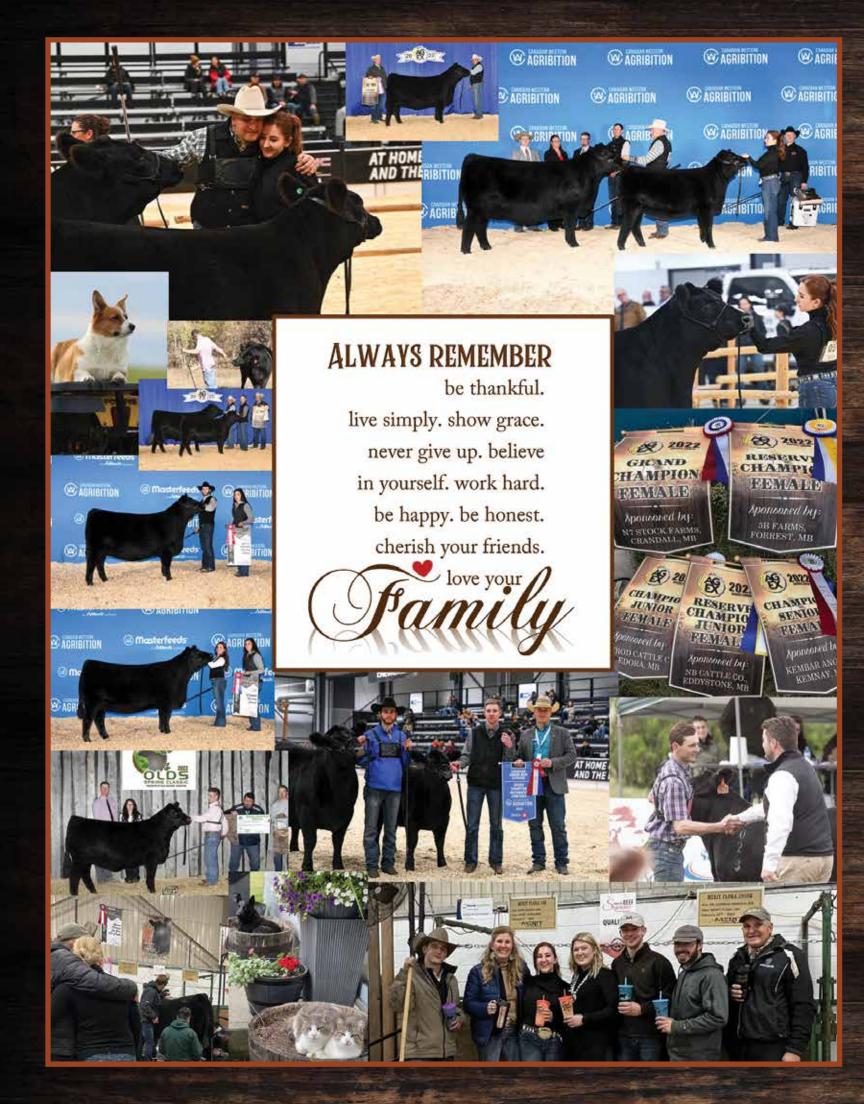

We look forward to the opportunity to show you our offering and discuss what our program can do for you.

Calving Ease ... It's a priority

Vigorous calves born unassisted IS calving ease.

Merit has always prioritized unassisted born calves that are up in minutes looking to nurse their mothers.

When weather conditions are tough it's the calves born with more critical mass that get up and going the fastest.

Calving Ease

To help you select the best bull for your operation, all bulls have been rated with the following system.

Recommended for cows only

Recommended for cows or larger framed heifers that were not big at birth.

Recommended for Heifers

The criteria used to evaluate the bulls:

- Actual birth weight
- Consistency of birth weight sire's calves as a group
- Consistency of birth weight of dam's calves

- Keep in mind that 50% of your calf's genetic birth weight relates back to his mother's birth weight.
- Environment including feed, weather and confinement also affect birth weights.
- Remember that birth weight and GROWTH are directly related.
- Continual selection for low birth weights will eventually decrese pelvic size and maternal calving ability.

Merit Vaccination Protocol

Calves are vaccinated at a week of age with Nasalgen. They have had two doses of Fusuguard. They receive Vista Once and Vision 7 Somnus at turnout and again at weaning. They are treated with Cylence twice pre-weaning and with Ivermectin and Valbazen in December then Clean Up II again in January.

- Oracle is possibly the most versatile breeding piece to be available this spring.
- Oracle is masculine, muscular, long spined and athletic with a natural gentle disposition.
- His dam FLORA 6078 has quickly cemented herself as the cornerstone of our embryo transplant program as well as becoming one of the most influential Angus cows of this generation in Canada.
- Her 11 sons that have been marketed at auction have averaged north of \$22,000.
- Last year's maternal brother, Merit Investment, topped the sale commanding \$85,000 to Duralta Farms and Bar -E-L.
- The lone flush sister (Flora 1004) was the lead-off and high selling lot in our Females of Merit sale this past December to the Gustafuson family at G2.
- Flora 1004 calved in the middle of February and dropped a beautiful udder with ideal volume, attachment, and teat placement.
- Big time opportunity on a big-time herd bull.

- His Socialite Range Boss dam is backed by our premium donor 48X she has a tidy udder with great teats

Calving Ease Score: ***

REAL WORLD

No frills, functional females with the utmost attention paid to structure, do-ability, udders, disposition, fertility and the ability to raise a quality calf.

They graze all summer and in late fall they are then fed quality hay with protein/mineral tubs on a half section until late January. They are not supplemented with grain, swath grazing annual cereals or "roughing it" grazing corn. We manage them this way so we know that our genetics will work under our customers' management.

Our goal is to produce the best Merit Mommas possible for our environment and market. The Angus cow is still the best mother cow in the world.

Maternal brother to last year's sale feature Merit Ranch Water to 66 Ranch for \$30,000

Ranch Water's first calves at Merit are coming easily and look promising

- 2102 was orphaned at an early age as his dam suffered a ruptured abdomen
- There's a lot of maternal value here with Executive Law and his highly decorated Socialite dam

WHAT — WE — EXPECT from our females

- Sound structure, starting from the ground up.
- Fertility
- Calve unassisted
- Be maternally minded, but have a good disposition
- Have a good udder that will remain sound for a long productive life.
- Wean a quality calf; one that makes the replacement female pen or a bull with the performance and soundness that our commercial customers demand. THAT'S WHAT WE ARE ALL ABOUT.
- We only use EPD's and performance records as tools. Stockmanship does NOT require a computer!
- They've got to look good, life's too short to look at ugly cattle.
- Easy fleshing with the capacity and ability to rustle for forage.
- Be productive on grass and hay, these are the only resources we have. High input females are self eliminating.
- The past 5 years here have been tough, the cattle have to be tough.
- They're not perfect and don't always work out. That's just the nature of the business. We don't make fantastical claims.
- We are always striving to make them better and more efficient.
 We love nothing more to see our customers success both commercially and as seedstock.
- Constantly studying and analyzing our cattle bring us joy and satisfaction.

COCKBURN/MERIT ARE COMMITTED TO PROVIDING
GENETIC EXCELLENCE
FOR THE COMMERCIAL & SEEDSTOCK INDUSTRIES

Join us the day before the sale for viewing & hospitality.
Sale day lunch & post sale steaks & socializing.

Terms: The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

Bidding: Each animal is to be sold to the highest bidder. No by-bidding will be permitted. A reasonable price base may be set.

Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Announcements: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

Certificate of registry: Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

Breeders Guarantee, bulls: Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

In no event shall the seller be responsible for more than the purchase price. The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

Exception guarantee: In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

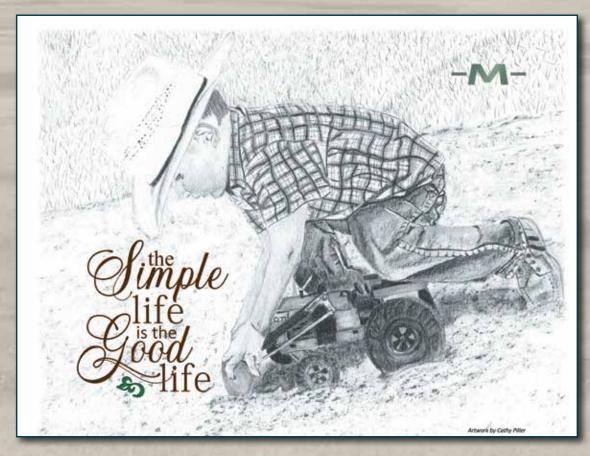

Settlement: Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

Mail or telephone bids: Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

Rights and obligations: The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both.

Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.
